customerservice@peakhomeproducts.com

Kitchen design expertise from Peak Home Products designers.

Peak Kitchen Designers Can Help You With:

- Planning New Construction
- Complete Kitchen Remodel
- Kitchen Cabinet Additions

Design Service Includes:

Kitchen design ideas, including schematics and 3-D color diagram.

Most kitchen design diagrams are available within one week, except where specified.

Your kitchen cabinet layout will be delivered via email or text.

Below is the Information the Peak Kitchen Designers will need:

1. Pencil drawing, architecture drawings, other designer drawings
2. All Drawings must be legible and include the following:

- Measurements wall to wall.
- Where are the doors and windows?
- How wide are the windows and doors?
- Where is the plumbing and gas/electric for the stove?
- Will you have an island or peninsula?
- Color choice of cabinets?
- Ceiling height?

Height of uppers desired? 30", 36", and 42" available

- If you purchased a kitchen at auction; a list of what you currently have including the width of every cabinet and the height of the upper wall cabinets.
